Itineraries within the estate

The Lodge is nestled in an estate in the heart of a 157-hectare within a natural park protected by UNESCO. Here you can enjoy a variety of unique and exclusive walks and other itineraries through quintessential Mallorca landscapes.

This route takes you through a centenary olive grove, the symbol of the Mediterranean sea, and past the estate's fifteen beehives, which provide us with all the honey we need.

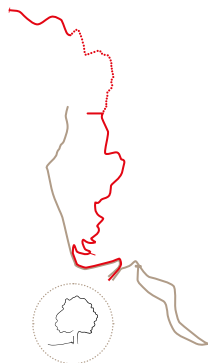

Red Route | Valley with views

 4km

 2 viewpoints with tables and chairs

 Bay of Alcúdia, Campanet, Serra de Tramuntana

During the walk along the stream, the murmur of the water will refresh you and connect you with nature. You can also enjoy a picnic or take a break for a picnic lunch.

Orange Route | Lavenders, views and villages
